## MEET OUR TEAM

Martin Auto Color began in 1989 as a modest startup led by President Glenn Martin and a handful of dedicated and talented individuals committed to becoming the most trusted auto body shop product supplier on the West Coast. Our dedicated team has grown from humble beginnings with only two stores, to 18 distribution locations serving California, and Western Nevada.

In 1997, we partnered with PPG™ Refinish, becoming a PPG™ Platinum Distributor. This strong relationship helped to fulfill our vision of providing only the highest quality paint products and customer service. Out of that partnership, we've grown from a staff of six to more than 120, all dedicated to supporting our customers through each step of the refinish process.
