

ABOUT US

Martin Auto Color was founded in 1989 by President Glenn Martin and a small team of dedicated professionals with a shared vision of becoming the most trusted supplier of automotive refinish products on the West Coast. What began as a modest startup with just two locations has grown into a leading distributor with 34 locations serving customers throughout California, Nevada, Oregon and Washington.

In 1997, Martin Auto Color partnered with PPG™ Refinish, becoming a PPG™ Platinum Distributor. This partnership reinforced our commitment to providing the industry's highest-quality paint products, innovative solutions, and exceptional customer service. Since then, we have grown from a team of six employees to more than 200 dedicated professionals, all focused on supporting our customers at every stage of the automotive refinish process.

Today, Martin Auto Color continues to build on the values established at its founding—integrity, expertise, and outstanding customer service—while helping collision repair professionals achieve exceptional results with industry-leading products and technical support.

LOOKING FOR A PAINT EXPERT?

Committed to lasting relationships through
honesty, loyalty, and respect.

POWER PARTNERSHIP

For more than 35 years, Martin Auto Color's experienced sales and technical support teams have provided collision repair facilities and commercial fleet customers with premium-quality PPG™ refinish products and industry-leading expertise. Beyond supplying exceptional products, we are committed to helping our customers increase profitability through business-building solutions, technical training, and process improvements that reduce material costs while maximizing productivity, performance, and efficiency.

With more than 200 dedicated associates and 34 distribution locations serving California, Nevada, Oregon, and Washington, Martin Auto Color is the largest California-based PPG™ Platinum Distributor, delivering the products, support, and service customers depend on to succeed.

PROFITABLE SHOP

Your shop's success is our priority. That's why we deliver premium PPG™ refinish solutions backed by the industry's most advanced color technology. From expert color matching to OEM specifications and a continuously updated variant library to one of the industry's most accurate digital color matching cameras, we provide the tools and expertise needed to achieve precise, consistent results.

Our commitment extends beyond products. We regularly conduct hands-on paint application training focused on the latest techniques, new product introductions, and process improvements. We also help customers optimize their operations through process evaluations, inventory management, advanced data analysis, and material management solutions powered by our online reporting system. Together, these resources help streamline body shop operations, improve productivity, reduce costs, and increase profitability.

At Martin Auto Color, we take pride in delivering exceptional customer service, technical support, and business solutions that help our customers stay ahead in a competitive industry. Our dedication to excellence has earned us the prestigious PPG™ Platinum Distributor of the Year award, reflecting our ongoing commitment to the success of every customer we serve.

Visit an authorized Martin
Auto Color location for
brands you can rely on from a
loyal partner you can trust.
Turn to the largest California-
based PPG™ Platinum
Distributor to get the job
done right.
